

4001 February 22 – 1A visits Grandmother.
(Magnus Robot Fighter #6)

Magnus Robot Fighter #0 – “Emancipator”

March 15 - 0-1X, a freewill robot, begins collecting pieces of T-1. T-1, and a group of other freewill robots, attack 1A and Magnus.

March 16 - Magnus and Dr. Teresa Giardino discover a series of surges in North Am’s power field that has given ten million robots freewill.

March 16 – The Kyoto Carp win the Interworld Series.
(Magnus Robot Fighter #1)

March 16 – Senator Clane denies rumors that he is seeking the presidential nomination.
(Magnus Robot Fighter #1)

Magnus Robot Fighter #1 – “Steel Nation, Part 1 – Protector”

March 16 - Magnus, at 1A’s underwater home, asks to be retold 1A’s life story. The two then hear a transmission from 0-1X, a freewill forming a robot revolution. Magnus returns to North Am where he battles a freewill and then has a meeting with President Claiburne.

March 17 - Magnus and Leeja travel to the Goph level, looking for the robot rebellion. 0-1X has a meeting with Senator Clane.

March 18 - Magnus watches a meeting of rebel robots. The meeting is broken up by riot-robs led by Commander Timbuc. Leeja is injured in the battle.

March 19 – Magnus doesn’t sleep while pursuing rebel robots throughout North Am.

March 19 – Rebel robots destroy North Am’s weather control.
(Magnus Robot Fighter #2)

Spylocke travels to Japan posing as a member of a trade delegation. He has been sent by Shaka Olorun to find the Blood of Heroes. Olorun promises a reward for Spylocke.
(Rai and the Future Force #13)

Magnus Robot Fighter #2 – “Steel Nation, Part 2 – Soldier”

March 20 – Magnus thwarts a robot attempt to seize control of the Erie Waterworks. Magnus notices that slight vibrations can identify freewills. 0-1X attacks Magnus at his home, but instead of destroying 0-1X he lets it go. Senator Clane then charges Magnus with treason. Magnus heads to the Goph level.

Magnus Robot Fighter #3 – “Steel Nation, Part 3 – Traitor”

March 21 - A large battle at Central Rob takes place between freewill robots and humans. Magnus comes back and helps win the battle for the humans. The treason charges against him are dropped. 0-1X tries to improve itself with the remains of T-1.

March 22 – W-23, a waiter-rob, changes its outer appearance to look like Leeja, and also changes it’s designation to Tekla. 0-1X gains control to the mainbrain at Central Rob.

Magnus Robot Fighter #4 – “Steel Nation, Part 4 – Savior”

March 22 - Magnus travels to Central Rob and after a fierce battle destroys 0-1X and the mainbrain. Leeja is thought to be killed in the battle. Tekla becomes the new leader of the freewills. Magnus is banished to the Goph level by Senator Clane. Magnus then removes the device 1A implanted in his skull.

Magnus Robot Fighter #5 – “Invasion, Part 1 – Goph Rules”

March 22 - Magnus gets into a bar fight and then meets Felina, a dancer. A dignitary from Japan arrives in North Am looking for Magnus.

March 23 - Slagger, a Goph, picks a fight with Magnus over Felina. After the fight, Slagger is approached by General Mimsy to help with the robot problem. The nation of Japan offers Magnus diplomatic immunity if he comes to Japan to advise them. Magnus agrees.

March 24 – Magnus is attacked by a Ninjatron. After a short battle Magnus is brought to Japan.

(Magnus Robot Fighter #6)

Rai (Mini-Series) #1 – “Invasion, Part 2 – Spirit Against the Flesh”

March 24 - Rentaro, the 41st Rai, is injured protecting Grandmother. Grandmother sends for Tohru to take his place and become the 42nd Rai, but Tohru, a family man content with his life, is reluctant.

March 25 - Tohru decides to become the next Rai after he discovers that his wife, Kazuyo, is an Anti-Grannie. Tohru takes his son, Takashi, to Japan.

Magnus Robot Fighter #6 – “Invasion, Part 3 – Just Say Noh!”

March 25 - Magnus is briefed about the Anti-Grannie cause.

March 26 – Solar appears and warns Magnus of an impending alien invasion from the Spider Aliens. Solar says that Grandmother must not be harmed. The Anti-Grannies attack Grandmother with a computer virus that’s origin is alien.

Rai (Mini-Series) #2 – “Invasion, Part 4 – Killing Stroke”

March 26 - Grandmother begins acting strangely after being attacked by the alien virus. Rai goes to Grandmother’s brain to see if he can solve the problem. There is a large growth on Grandmother’s brain and Rai cuts it off. When he does all the power in Japan goes out and Grandmother is dead. In space, alien ships approach Earth.

Magnus Robot Fighter #7 – “Invasion, Part 5 – The Ballad of East and West”

March 27 - Magnus is able to restore Grandmother by melding it with 1A, creating Grand One. In order to stop the impending invasion a “limb” of Japan must be severed so Japan can go into battle mode. Magnus goes to sever the limb, but is stopped by Rai who wants to rescue his child, still in the limb.

Rai (Mini-Series) #3 – “Invasion, Part 6 – Small Sacrifice”

March 27 - Kazuyo confronts the aliens who sabotaged Grandmother. The aliens have a Commando-class X-O armor and capture Kazuyo. Magnus and Rai battle, but reluctantly Rai decides to help Magnus sever the “limb.” Japan rises from the ocean into space.

Magnus Robot Fighter #8 – “Invasion, Part 7 – Enter the Dragon”

March 27 - Japan attacks the fleet of alien ships. Magnus and Rai save Solar who has been fighting the aliens in space. Kazuyo gets free of her alien captors and acquires the Commando-class X-O armor. She travels back to Earth to rescue Takashi. Alien soldiers penetrate Japan; Rai and Magnus begin to battle them.

Rai (Mini-Series) #4 – “Invasion, Part 8 – Supernova”

March 27 - With Solar’s help, Grandmother, 1A, Magnus, Rai and Kazuyo are able to repel the Spider Alien’s invasion. Solar disappears into a large burst of energy taking out the last of the Spider Aliens with him.

April 3 - Japan cannot return to Earth, so Grandmother/1A decide to leave and allow the Japanese people to choose whether or not to stay in orbit.

April 5 - Rai decides to stay in Japan. Magnus returns to Earth.

Magnus Robot Fighter #9 – “The Xyrkol Trilogy, Part 1 – The Rise”

April 4 - Magnus returns to North Am and Slagger helps him defeat pol-robots and escape to the Goph level. There he goes to Felina’s orphanage to live.

(Editor’s Note: It’s April 4th in North Am because of time zone changes.)

April – Japan divides into two factions, the Healers and the Humanists who were the Anti-Grannies. Rai avoids picking sides, thus offending everyone. Tanaka, a Humanist, rises to power.

(Rai #1)

April – A group of Psi-Lords are dispatched to Earth. Their mission is to assist humanity against the Spider Alien invasion. It will take them two years to reach Earth.

(Magnus Robot Fighter #37)

April – Willow Talltree, Doctor Noel and others find a gateway to the Lost Valley. There they hope to reconnect with nature.

(Conjecture: Noel is aware of Magnus’ exile to the Goph levels.)(Magnus Robot Fighter #12)

April 23 – Tekla, the new leader of the freewill robots and Leeja continue to bond. With E7’s help they build a safe haven for freewill robots.

(Magnus Robot Fighter #9)

April – The genetically engineered inmates at the asylum on Phobos start a rebellion. The rebellion is led by Izac. Izac has also been getting newsfeeds from Mars regarding Magnus’ exploits.

(Conjecture: The rebellion started “a while ago.”)(Magnus Robot Fighter #14)

May – Ravenrok returns to the Psi-Lord’s homeworld, and using a virus that affects the Molmachs, destroys the planet. A handful of Psi-Lords escape.

(Conjecture: Ashael describes these events as having taken place “just after the Solquorum departed.”)(Psi-Lords #4)

May 17 - At Oinkers Bar on the Goph level a man is almost flayed alive for not assisting in the killing of “Cloud-Cloddie”. Magnus prevents the incident.

(Magnus Robot Fighter #9)

May 18 - With Central-Rob about to be reactivated the freewills contact North-Am’s Senate hoping for peaceful coexistence. Leeja is seen during this communication. Slagger is taken for a mind probing when he disobeys orders. The newly reformed Xyrkol watches the mind probe. Magnus goes to rescue Leeja from the freewills. When he does E7 attacks him. When Tekla stops the attack, Leeja informs Magnus that she wishes to stay with the freewills in their new city, Synchron. Magnus returns to North Am without Leeja and is placed under arrest.

(Magnus Robot Fighter #9)

May 19 - Central-Rob comes back online and North-Am attacks Synchron. The attack has no effect.

(Magnus Robot Fighter #9)

Magnus Robot Fighter #10 – “The Xyrkol Trilogy, Part 2 – Freedom’s End!”

May 19 - Synchron launches a counter attack, wiping out North-Am’s power grid. Magnus escapes once again to the Goph level.

May 20 - Xyrkol shows President Clane a device he has that can get power restored to North-Am.

May 22 - President Clane asks Xyrkol to make a weapon to defeat the freewill robots, but Xyrkol refuses. Since his mind-probe he abhors violence. Clane orders the mind-probe reversed. Leeja and Magnus team up to stop Xyrkol, but Xyrkol captures Magnus and then declares himself the ruler of Earth.

Magnus Robot Fighter #11 – “The Xyrkol Trilogy, Part 3 – Sun of the Devil”

May 22 – Leeja follows Xyrkol into subspace. She rescues Magnus and the two of them force Xyrkol’s fortress to come out of subspace. Xyrkol is then defeated with the help of the Goph’s. North Am and Synchron come to a peace agreement.

Rai #1 – “New Moon Asunder”

Japan is nearing civil war. The Healers steal a piece of machinery from Grandmothers brainstem. The Humanists believe the Healers are constructing a weapon. Kazuyo attacks the Healers and Rai reluctantly assists.

Predator versus Magnus Robot Fighter #1 – “Sport”

June 2 – A group led by General Hartwig, is hunting freewills in the Goph lands. Magnus saves a freewill and questions one of the hunting party members. He learns about their headquarters, and there he finds an XO Manowar helmet.

June 3 - The General begins to hunt Magnus for the helmet. The helmet was originally a hunting trophy that belonged to a Predator, and he has come to North Am to recollect it.

Predator versus Magnus Robot Fighter #2 – “Spoils”

June 3 – While the Predator and Magnus fight, Hartwig grabs the XO helmet. The Predator chases after Hartwig. Magnus tries to stop the Predator but it kills Hartwig. Magnus injures the Predator. A ship full of Predators arrives, and as is their custom kill the injured Predator. They offer Magnus the power ring for the XO armor, but Magnus throws it away.

June – The piece from Malev-6 that survived when it was destroyed finds 1A’s underwater home. There it attaches it’s consciousness onto Grand One.

(Conjecture: Before “Trial and Error.”)(Magnus Robot Fighter #21)

Magnus Robot Fighter #12 – “Stone and Steel!”

June 15 – Magnus rescues Willow Talltree from Gophs who have taken her prisoner. Willow shows Magnus a gateway to the Lost Valley.

(Editor’s Note: For more from this issue see Lost Land Appendix.)

June – Grand One, being controlled by the Malevs, travels to Phobos to plan its revenge.

(Conjecture: Before “Trial and Error.”)(Magnus Robot Fighter #21)

Magnus Robot Fighter #12 – “Trial and Error”

June 19 – 1A’s genetic misfits on Phobos hold a mock trial of 1A because they hear the real 1A is on its way to Phobos. They find the defendant guilty.

Rai #2 – “Ice Burn”

Rai is investigating the neopium trade in an attempt to put a stop to it. In his investigation he comes across Icespike, a megalomaniac who is interested only in glory. Rai and Kazuyo stop him, thus stopping the neopium trade.

Kazuyo gets too involved with her work and stops seeing her son Takashi in the nursery.

(Rai #3)

Magnus Robot Fighter #13 – “The Asylum Saga, Part 1 – Revelations”

July 1 – Magnus is attacked by a giant genetically engineered beast who forces Magnus onto his spaceship. Once aboard his ship Magnus subdues it. The ship takes him to 1A’s home. There he fights another genetically engineered man named Magskrag. Magnus also learns about the experiments 1A conducted on humans to create a robot fighter, and how those who were experimented on were placed in an asylum on Phobos. Magnus leaves for Phobos vowing to free those in the asylum.

July 3 – Grand One (Grandmother and 1A) arrive on Phobos to restore order to the asylum.

(Magnus Robot Fighter #14)

July 4 – Magnus’ ship approaches Phobos.

(Magnus Robot Fighter #13)

Magnus Robot Fighter #14 – “The Asylum Saga, Part 2 – Reckonings”

July 4 – Magnus meets the inmates of the Phobos asylum. Grand One, who is unbeknownst to Magnus, under the influence of the Malevs, plans to kill all the inmates. With Izac’s help, Magnus destroys Grand One.

Leeja Clane becomes a councilwoman.

(Magnus Robot Fighter #15)

Manbot Gangs begin attacking salvage yards in the Goph levels.

(Magnus Robot Fighter #18)

The Malev emperor is created from the remaining parts of Grand One. Malev robots begin to be created.

*(Conjecture: Izak says they arrived “a little bit after” Magnus left Phobos.)**(Magnus Robot Fighter #21)*

Rai #3 – “The Devil in the Nerveweb”

The Healers attack a water storage facility. Rai travels the interweb to get there but the Healers have compromised it. Rai barely escapes but by the time he does it’s too late to save the storage facility. Kazuyo is attacked by Makiko Minashi, one of the leaders of the Healer underground.

Rai #4 – “An Equality of Slaughter”

The Healer underground is building a device which uses components from Grandmother’s brain stem that will bring her back. They learned about the components from the previous Rai. Rai tries to stop the device but its trajectory is changed during a battle and the device rips a hole in the outer hull of Japan killing thousands. Rai is blamed for the incident and exiles himself from Japan.

Rai #5 – “The Infinity Trap”

Rai leaves Japan with his son Takahashi, but his space craft is sabotaged. Isao Seko assassinates the president and cuts off Kazuyo’s hand so she can’t summon her armor. He throws her in a holding cell with Makiko Minashi. Using his energy powers, Rai is able to pilot the ship to Earth but he is fully drained of energy.

Magnus Robot Fighter #15 – “Unity, Chapter 3 – The Torch is Passed”

August 4 – Magnus returns from Mars and has an argument with Leeja. Rokland Tate talks to a computer core in his search for Gilad Anni-Padda.

August 5 – Rokland finds Gilad. Gilad has been psychoprobed but Rokland helps him remember who he is. Erica Pierce takes the entire Haven of San-Gabriel to the Lost Land.

August 5 – Before travelling into the Lost Land, Erica Pierce gives a speech to the members of the Haven.
(Solar, Man of the Atom #12)

August 5 – Rejj, a man who is a disciple of Archer, also known as the Archies, travels to the Lost Land with the rest of San-Gabriel.
(Archer & Armstrong #1)

August 5 – Because of seismic activity after the disappearance of San-Gabriel, Talpa, a rogue robot constructed of new metal, escapes from being buried deep below the Earth.
(Magnus Robot Fighter #15)

Rai #6 – “Unity, Chapter 7 – A World Brought Down”

August 5 - Rokland Tate and Gilad Anni-Padda recruit Rai to join in the battle against Erica Pierce. Then the three find Magnus who is battling Talpa. After dropping Takahashi off at Felina’s orphanage they head into the Lost Land.

(Editor’s Note: See Lost Land Appendix.)

Magnus Robot Fighter #16 – “Unity, Chapter 12 – Out of Time”

August 5 – Rai, Rokland Tate and Gilad Anni-Padda assist Magnus who is battling Talpa. They then head to the Lost Land to battle the forces of Mothergod.

(Editor’s Note: See Lost Land Appendix.)

Erica Pierce, from the Lost Land, affects the gravitational pull of Japan causing it to fall back to Earth killing millions.

(Rai #6)

Magnus Robot Fighter #17 – “Trouble Below”

August 6 – Talpa begins destroying entire milesprees demanding Magnus faces him. Magnus returns from the Lost Land. His medical condition is precarious. Leeja enters his mind and relives the events in Unity. Magnus, barely able to stand faces off against Talpa and destroys him.

Rai #8 – “Vengeance for the Dead”

August 6 – Kazuyo and Makiko work together in the ruins of Japan to put a stop to Seko’s bid for power. Kazuyo regains control of her armor and fights Icespike. After she defeats him she kills Seko. She is then reunited with Takahashi.

Magnus Robot Fighter #18 – “Inside the Metal Mind”

August 13 – Magnus begins working for Elzy, guarding her salvage yard. In Synchron a new craze spreads around the robots, hu-mimicking.

August 14 – E7 goes to Mekman, a former criminal who has now been pschoprobed, to learn about hu-mimicking. It asks Mekman whether or not he could convert regular robots into freewills. Mekman needs a freewill to experiment on and E7 volunteers. Magnus protects Elzy from Manbot gangs.

Magnus Robot Fighter #19 – “Probes”

August 14 – Mekman is unable to conduct experiments on E7 because of his psycho-probing. Feeling guilty about his associations with freewills, Mekman goes to the Psycho-Probing Center to turn himself in. Elzy is captured by Pol-Robs and brought to the Psycho-Probing Center. Magnus frees her. Mekman psycho-probes himself again.

(Editor’s Note: The issue says it’s August 13th, but dialogue from last issue places this issue on the 14th.)

4002 F-7, a robot that specializes in photic flux and reaction at Central Rob becomes time displaced and ends up in the year 1992.

(Archer & Armstrong #11)(Conjecture: Before the Malev War.)

Magnus Robot Fighter #21 – “Armageddon 4002, Part 1 – Slaughter of Phobos!”

April 8 – Magnus arrives on Phobos to visit the inmates but when he arrives he finds they have all been slaughtered by the Malevs. Magnus finds Izak hiding and Izak leads him to the chamber where some of the inmates have been kept alive. The Malevs are harvesting their ectotheric energy to run their machines. Magnus tries to free them but is captured and brought before the Malev Emperor. The Emperor tells Magnus of its plan to turn Earth into Malev-7. In the skies above Earth the Malevs launch their attack.

Magnus Robot Fighter #22 – “Holocaust 4002, Part 2 – The Invasion of North Am”

April 8 – The Malevs attack North Am and the rest of Earth. Felina and Willow Talltree are killed. Izak helps Magnus escape from an ectotheric tube the Malev emperor placed him in. The Emperor leaves Phobos and heads towards Earth. Magnus and Izak chase after the Emperor in Magnus’ spaceship.

Magnus Robot Fighter #23 – “Holocaust 4002, Part 3 – The Fall of the Milespires!”

April 8 – M’Ree, Leeja’s telepathic teacher, is kidnapped by the Malevs. Magnus’ vessel is attacked by the Malev Emperor’s ship. Izak is frightened and morphs into a robot killer. Izak destroys most of the ship and it crash-lands near Synchron. The Malevs attack North Am’s Main Brain Complex in an attempt to control all the robots in North Am. General Mimsy and Timbuc try to defend the complex, but Mimsy is killed and Timbuc flees.

Magnus Robot Fighter #24 – “Holocaust 4002, Part 4 – The Fall of North Am”

April 8 – The Malevs descend upon Synchron. The Vizier destroys Tekla and Magnus destroys the Vizier. M’Ree, who has been kidnapped by the Malevs, is still conscious in her ectotheric chamber. She helps Leeja locate Magnus. Leeja, who now has the ability to destroy Malevs by manipulating their ectotheric energy, Timbuc, Elzy and Slagger go to Synchron and join in the battle against the Malevs.

April 9 – The Malev Emperor orders Rentaro Nakadai, the former Rai to be captured.

(Bloodshot #4)

Rai #0 – “The Blood of Heroes”

April 10 – Rokland Tate leads Takao Konishi to the remains of Japan. On the way he tells him the history of the Blood of Heroes.

April 11 – Takao Konishi is injected with the Blood of Heroes.

Rai and the Future Force #9 – “After the Holocaust”

April 11 – Takao Konishi, the new Rai, defends Japan from Malev attack. Rai is aided by Gilad, Kazuyo, Slagger, Elzy, Magnus, Izak, Timbuc, Leeja and the mysterious Spylocke. Rai learns that with the aid of the Blood of Heroes he can manipulate machinery. This makes him a prime target for the Malevs, but with the help of the “Future Force” they are able to repel the attack on Japan.

April 12 – After the battle for Japan pieces of the destroyed Malevs latch onto human hosts, including Elzy. These hosts attempt to assassinate Rai. After Rai and Elzy are saved Rai leaves for India for self contemplation. Rai, who was raised by the Archies under the tutelage of Mother Nike, seeks her counsel again.

(Rai and the Future Force #10)

Magnus Robot Fighter #25 – “Flesh and Steel”

April 12 – In the aftermath of the battle for Japan Magnus is urged by Rokkie to go to 1A’s underwater home in the Antarctic. Magnus is greeted by 1A, who survived when the Malev’s took over Grand One. 1A now has a new shell called ASA. ASA gives Magnus a letter from his mother, Kris Hathaway. The underwater base is attacked by Malevs and Magnus fights them off.

Rai and the Future Force #10 – “The Death of Japan”

April 14 – After a rousing speech from Rai, the people of Japan set out into the world to aid in the battle against the Malevs.

April 15 – On the way to the Mainbrain for their attack against the Emperor, Magnus and Rai rescue a group of humans from Malevs.

(Magnus Robot Fighter #26)

April 15 – Rai and his Future Force attack the Main Brain in North Am in an attempt to kill the Malev Emperor. They discover they’re been led into a trap.

Rai and the Future Force #11 – “The Steel Legion”

April 15 – Rai, Magnus and Leeja escape from the Malevs in the sewers. They run into members of the Steel Nation, led by Tekla, who survived being attacked by the Vizier. With the help of the entire Future Force they are able to escape from the Malevs. The resistance splits into two groups.

April – A group of Aryantines led by Ado Krieg seize power in Argentina.

(Conjecture: Shortly “after the fall of North Am.”)(Rai and the Future Force #15)

April – Jack Milano, an Australian, forms a group called the Sundowners. The Sundowners are anti-Malev.

(Conjecture: Shortly after “the Malevs first arrived.”)(Magnus Robot Fighter #34)

Rai and the Future Force #12 – “Attack of the Cyberaiders”

April 22 – Rai puts a stop to Vanklaw, a cyberaider, who has been capturing people and selling them as slaves on the Arabian Sea.

Rai and Gilad rescue Takao Konishi from the Malev Emperor.

(Bloodshot #5)(Editor’s Note: Some of the captions say 4001, but it’s 4002.)(Conjecture: After the Emperor thinks Magnus is dead.)

Magnus Robot Fighter #26 – “Exemplar”

Pert Doner, Spikey and several other children that have survived the Malev holocaust gather around a fire and tell stories about Magnus.

Magnus Robot Fighter #27 – “The Enemy of my Enemy”

October - Magnus, Tekla, ASA, Gilad, Elzy and Slagger are attacked by a group of Malevs concealing themselves in the fog. They are rescued by Dr. Lazlo Noel. Noel informs Magnus that he’s going to destroy North Am’s weather control station. Magnus chases after Noel to stop him. They fight at Weather Control and Noel succeeds in destroying the station. Mekman, the new Vizier for the Malev Emperor arrives to kill Magnus.

Magnus Robot Fighter #28 – “Will of Iron”

October - Magnus and Mekman battle in a huge rainstorm. Magnus disables Mekman but Noel is captured by the Malevs.

Rai and the Future Force #13 – “Acts of Betrayal”

October - After being caught out at sea in a typhoon, Rai and his crew are forced to go ashore on the coast of Africa, Spylocke’s homeland. Shaka Olorun, the leader of the town they dock in, captures Rai hoping to gain the Blood of Heroes. Spylocke, using deception, helps to free Rai.

Magnus Robot Fighter #29 – “Indomitable”

October - Gilad leads a rescue effort on a Malev internment camp. After rescuing a large group of humans Rokkie finds an old Rail Gun Freighter. Gilad pilots the freighter to the moon with the rescued humans on it. Rokkie warns Magnus and his allies that the Malevs are planning to invade South Am.

Rai and the Future Force #14 – “Warring Factions”

October - Rai and the rest of the Future Force head to South Am to prevent the Malevs from taking over the five Robot Mainbrains. In South Am they find a city in the midst of a civil war, fighting each other with massive robots. Rai successfully prevents the Malevs from taking over the Mainbrain in Palo Alto. Magnus reunites with Rai to prevent the Malevs from taking over anymore of South Am.

Rai and the Future Force #15 – “The Battle for South Am, Part 1 – One for All”

October - Leeja, Rai and Magnus attempt to convince the governments of South Am to unite their Mainbrains to prevent attack from the Malevs. The Aryantine leader, Ado Krieg, refuses. The Future Force threatens them and Krieg calls an X-O Manowar class armor to protect him. It’s the same armor that Magnus had cast away after defeating the Predator. Magnus, Kazuyo and Spylocke chase after Krieg. Rai begins to doubt his leadership. He storms off and Leeja follows him. They couple and Leeja is impregnated.

Magnus Robot Fighter #30 – “The Battle for South Am, Part 2 – Aryantina”

October - Magnus, Kazuyo, ASA, and Spylocke track down and fight Krieg. After several attempts they are able to separate him from his armor. ASA safeguards the ring even though Spylocke makes it quite clear that he wants it. Tekla informs Magnus that Leeja and Rai coupled.

Rai and the Future Force #16 – “The Battle for South Am, Part 3 – Targets”

October - Members of the Future Force are assigned the task of taking over Mainbrains in South Am. Slagger accidentally destroys one. Timbuc also destroys one just before he’s killed. Leeja realizes that the Malevs true target is the South Am rainforest.

Magnus Robot Fighter #31 – “The Battle for South Am, Part 4 – Allies”

October - Magnus recruits the Amazans and prevents the Malevs from burning down the rainforest.

Rai and the Future Force #17 – “Trust”

October - The Future Force travels to Carib to investigate the disappearance of Timbuc and learn that he is dead. There becomes concern in the group as to whether or not Rai is manipulating their emotions. The group battles a number of Malevs and flees, leaving Carib in the control of the Malevs.

Magnus Robot Fighter #32 – “Mal-Adjusted”

November - Magnus encounters a freewill Malev but is forced to terminate it when it reverts back to its original programming.

Magnus Robot Fighter #33 – “If This is Tuesday, This Must be... North Am?”

November - Having come from the year 1992, Ivar the Timewalker, arrives in North Am. The Malev Emperor learns of his ability to travel through time and makes his capture an imperative. Magnus helps fight off a group of Malevs so that Ivar can escape through a time arc to 65 million years ago. Rai, compelled by programming in his blood, arrives with Kazuyo and Spylocke to save Magnus from the Malevs.

Rai and the Future Force #18 – “Slaves of New York”

November - Rai, Magnus and Spylocke discover an underground community of people who have escaped the Malevs. In this community Cloud-Cloddies are enslaving Gophs. Using his Harbinger ability, Rai convinces the Gophs to revolt.

Magnus Robot Fighter #34 – “Christmas Eve: Minutes to Midnight”

December 24 – Magnus and Leeja travel to Australia to meet Jack Milano. G3, a freewill robot, guides them to him. Magnus is harassed by the Malev Ambassador and is arrested by the Australians.

December 25 – In order to avoid an international incident with the Malevs, Magnus is freed, but led into a trap. He is attacked by Malevs and is rescued by Sundowners, a group led by Milano who are anti-Malev. The Sundowners abduct Magnus.

Rai and the Future Force #19 – “Christmas Eve: Fahrenheit 100”

December 25 – Rai and the Future Force rescue Magnus and the Sundowners pledge their support in the war against the Malevs.

4003 Magnus Robot Fighter #35 – “Champions are Born, Not Made”

July 1 – Leeja is due to give birth soon. The Malev Emperor sees her as Magnus’ and Rai’s weakness and orders Mekman to kill her. Mekman completely drains Dr. Noel of his ectotheric energy to empower him for his mission. Magnus fights off Mekman while Leeja travels to Ladakh, where Rai is. Magnus kills Mekman.

Rai and the Future Force #20 – “Blood Oath”

July 1 – A messenger arrives in Ladakh to tell Rai that Magnus is launching a final attack on the Malev emperor. Rokkie and Slagger get Leeja underground away from the Malevs. Tekla dies. Spylocke is revealed to be a Spider Alien.

(Editor’s Note: Both this issue and the last issue of Magnus refer to the events in Australia as having had happen eight months ago, but it’s only been seven months.)

Magnus Robot Fighter #36 – “The Beasts and the Children”

July 3 – Magnus, Rai, Spylocke and Kazuyo find Leeja underground. The malevs collapse the milesprees on top of them. Kazuyo is the only one who breaks free. An unidentified ship approaches Earth.

Rai and Future Force #21 – “Crucible”

July 4 – Leeja has her baby. Rai, Magnus and the others fight their way to the surface. There they find Kazuyo, who has met a group of people called the Psi-Lords.

(Editor’s note: In this issue Rokkie says he’s not even twenty. However that would mean that he was four years old when he began training to be a Geomancer, and we know that he’s older than that.)

Magnus Robot Fighter #37 – “The Last Day, Part 1 – Mindlock!”

July 4 – The Psi-Lords destroy ASA. It had been carrying a device that allowed the Malevs to spy on Magnus. The Psi-Lords help the Future Force break into the mainbrain. Rai reaches the Malev Emperor’s chambers and attempts a mindlock. The Malev Emperor takes over Rai.

Rai and the Future Force #22 – “The Last Day, Part 2 – Exorcism”

July 4 – Magnus and Rai, who is now being controlled by the Malev Emperor, have a fierce battle. Magnus kills Rai and the feedback from the Emperor’s death destroys all the Malev installations.

July 4 – Spylocke asks the Psi-Lords to construct a canister so he can drain the Blood of Heroes from Rai’s corpse.
(Editor’s Note: The date says 4004, but its 4003.)(Rai and the Future Force #23)

July 5 – Magnus addresses the world after the end of the Malev War. His hope is to unite all the people of Earth. Spylocke disappears.
(Magnus Robot Fighter #38)

July 5 – Spylocke finds and destroys the homing beacon that the Psi-Lords put on the canister housing the Blood of Heroes.
(Rai and the Future Force #23)

July – Leeja and Magnus argue over the parentage of Obadiah.
(Magnus Robot Fighter #57)

July 12 – Members of the Psi-Lords fight a group of rogue Malevs in the Asteroid Belt.
(Psi-Lords #9)

July 15 – The leaders of Earth meet at the Calizona Sector. They nominate Magnus to be the new leader of Earth. He accepts and names Zebediah Clane his chief of staff. Leeja and the baby go to Ladakh.
(Magnus Robot Fighter #38)

September 23 – The Psi-Lords construct the Palisades, a space-station created by Molmachs.
(Psi-Lords #1)
